

The Annual Fund at UNIS

United Nations International School

\$100,000

Thank you for donating to the annual fund. We are 1/3 of the way towards our goal. Please help us reach 100%.

\$200,000

\$300,000

146	Unrestricted Annual Fund	\$78,412.50
13	Financial Aid	\$2,286.00
5	Athletics	\$15,097.00
7	Technology	\$2,100.00
21	Other Donations	\$12,104.00
192	TOTAL DONATIONS	\$109,999.50

Fitness Center Renovation:

Thanks to our parents, we raised over \$15,000 to help replace the cardio vascular equipment in the fitness center. Heidi Oxley was able to purchase brand new treadmills, stationary bicycles, stair climbers, elliptical machines, rowing machines and free weights. Every class from Middle 1 through Tutorial 4 has a fitness unit introducing and encouraging students to participate in a regular fitness routine. Ms. Oxley has been doing ongoing research on the benefits of exercise and learning and recently wrote the following in her P.E. newsletter:

You are probably aware – based on national and international research:

- ✦ Students who have physical education in the school day have an advantage for learning, which increases student achievement.
- ✦ Students who are physically fit have higher self-esteem.
- ✦ Students who value physical fitness and healthy lifestyle are less likely to engage in risky behaviors such as underage drinking, smoking, illicit drug use and violence.
- ✦ Students who are physically active on a regular basis are less likely to become overweight or obese.
- ✦ Students who are obese when they are adolescents have a 70% chance of being obese for the rest of their lives.

New Audio & Lighting for the UNIS Theatre

The Theatre Sound and Light Renovations are complete!

Thanks to the generous donations of parents, faculty and staff and the Parents Association, the theatre is outfitted with industry standard audio and lighting equipment. UNIS was able to maximize the gifts to buy a new ETC professional light board, a 24 channel mixing board, a new sound system, a variety of wireless microphones and Broadway style face mikes, 8 hanging microphones, 2 spot lights (1000 watts each), 12 Meyers speakers strategically positioned for optimum sound, 6 telex communications headsets, a new glass window for the booth, a rack to professionally record music events and other enhancing lighting and audio equipment. Additional funds were provided for a new projector and high definition projector screen and a new clean transformer and electrical upgrades were installed.

Thank you for your contributions to the annual fund. Together we can meet our goal and provide for all of the extras to meet our children's needs.

Our students now have the opportunity to work with equipment being used in professional venues today. We invite you to visit the theatre, come to a play or a concert and experience the new theatre with us.
