Junior School Care at UNIS

The Care Program is offered every day from 3:00PM to 6:00PM in Manhattan Campus

Please register early as space is limited

The teachers are creative and inventive over and above the qualifications they have in this field. Children participate in a whole range of activities for which a wide variety of materials are in ready supply.

The Care Program is designed to meet the needs of working parents. It provides to Junior School and Middle School students, a dependable daily service in a warm and caring environment.

HOMEWORK

Supervision and guidance is given to children with homework assignment. Quiet time is devoted to such work right at the beginning of the Program.

PHYSICAL ACTIVITIES

Children enjoy games and sports activities in the playground or the Gym.

RECREATION

In the assigned CARE rooms, all sorts of toys, games, books are on hand to offer variety of

possibilities for play, providing opportunities to interact with other children or simply to have a relaxed and creative time on one's own. Snack time is a moment for a friendly chat. Occasionally, the children are brought together for story-telling, drama or games.

ARTS & CRAFTS

Care teachers propose all sorts of projects. But children are not pressured into participating if

they prefer to indulge in some other activities. Projects include painting, collage, puppet making, bead-work, clay-modeling, embroidery, craft-kits etc.

SPECIAL EVENTS

From time to time, we do something special. It might be an afternoon of cooking or puppet show. It might mean a movie on a rainy day. We like to celebrate special occasions in all sorts of ways. We also love having parties to which parents are heartily invited to come if they can!

Play, Learn & Grow Together

TAKE TURNS **try** LISTEN TO YOUR TEACHER LEARN FROM YOUR MISTAKES
Do unto others as you would have others do unto you
